# Teacher's Toolkit

Health & Human Development 2021

Each year in the Health & Human Development Toolkit we try to strike the balance between supporting new teachers as well as providing new and exciting ideas for the experienced teacher.

As content relevant to all four Units of the Study Design is constantly evolving, Sonia and Chrissy will provide the latest information, research and activities that cover the key knowledge and key skills in a comprehensive and interesting way.

Together they will share streamlined ways to approach SAC's, practical activities and delivering course content.

Both Sonia and Chrissy are passionate about developing curriculum and pedagogy that particularly supports and engages VCE Health & Human Development students.

All information and resources provided will be new in 2021.

Teachers can expect to leave each Toolkit with a course timeline, many examples and ideas to use or adapt for their own cohort of students.
